

Great news!! We are so busy we need to hire more massage therapists.

We just opened a brand new beautiful clinic right in the heart of old St.Vital and we need help. We are currently accepting applications for massage therapist to fill positions in our quickly expanding business.

If you are a new graduate looking to start your business or if you are a massage therapist with experience who is looking for a different work environment then you may be just what we are looking for.

We are looking for therapists who are self starters, motivated, friendly, and hard working with a good work ethic to fill positions immediately.

Our clinic located right at the St.Mary's/ St.Anne's junction so there is a very large traffic flow of people driving right by our business on their way home from downtown to River Park South, South St.Vital, Island Lakes etc. The high traffic volume past our clinic has forced us to hire more therapists. If you think this is a good fit for you please contact our office right away so we can meet with you and we can sit down and see if this is a good fit for you as well as for us. Looking forward to meeting with you soon.
